

Work Assignment, Friday, 3rd April 2020

Please complete the following tasks conscientiously and reliably. For some of the exercises you'll have video tutorials.

However, in some cases you'll receive handwritten solutions. You can find everything you need to know on the following website: www.aleph-null.li

Today's work assignment consists of the following tasks.

Task 1:

Fill in the "Prüfungssimulation".

Task 2:

Solve all the problems from 1 to 5 of the new work sheet.

After every exercise watch the corresponding video tutorial. Take additional notes if necessary.

Being able to solve exercises like these was the end goal of the topics: laws of indices and laws of logarithms and everything in between, so kudos to you ☺. A small step for mankind but a giant step for us!

Best of luck – have fun.

Sven Huber
